## PLANS OF WAR.

TALK ABOUT TAKING  
CANTON.

WU PEI-FU'S HOPES.

MUCH STRATEGY, BUT WILL  
IT WORK?

(From Our Own Correspondent.)

CANTON, May 29.

The Kuomintang Nationalist Government of Canton is not pinning all hopes in its fight against Wu Pei-fu solely upon the prowess of the armies of Kwangtung and Kwangsi provinces. Instead, the military and government leaders here are nourishing a not entirely impracticable hope that the summer will witness a tremendous thrust southward by the reorganised Kuomintang armies (of the "Christian General").

The plan is to rally the southern Nationalist forces for a push north, and for the Kuomin-chun, after winning Shensi province, to cut down through Shensi and the rich eastern provinces, through Kweichau province, and so make a junction with Chang Kai-shek's Canton forces in Hunan or Kwangsi.

An ambitious plan, but one not impossible of accomplishment, particularly if the Kuomin-chun can continue to win against Wu Pei-fu sufficiently to cause a withdrawal of south-bound armies, and so give Canton a breathing space.

There is one fly in the ointment.

The Kuomin-chun is admittedly being munitioned from Russia.

What will they be willing to do for Canton if the movement to oust Communists from Nationalist government positions continues to be pressed?

The Enemy's Secrets.

Meanwhile the Nationalist Government claim to have discovered the details of Wu Pei-fu's plan for an advance against the South which includes many巧妙 strategies and treasons.

The announcement of this plan, as given out here to-day, follows:

General Chan Kwing-ming,

Ngai Bong-ping, Lin Fu, Tang

Chi-yen and Ma Tsai are said to

have been chosen to head the

movement in Kiangsi against

Kwangtung and the Kuomintang.

Of these the second, Ngai Bong-

ping is rather popular in Canton.

He was at one time chief of

police, and about one year ago

seemingly refused the post of

Mayor, now held by Dr. C. C. Wu.

When he was offered the job he

is said to have replied that he

would not have it as a gift, be-

cause the Government was domin-

ated by Reds.

Wu Pei-fu's plan is detailed

as planning to attack Kiangsi and

Hunan, then to appoint Tang

Yiu-tsu as commander-in-chief in

Kiangsi and drive Fang Poon-yan

out of that province. This por-

tion of the plan has already been

worked out.

Subsequent steps are to include

helping Ip Hoi-yun to overthrow

Tong Shang-chi in Hunan and

make Ho Yiu-tsu Hunan's com-

mander-in-chief. This plan is

now, apparently, working with

great success.

Familiar Names.

The next step is said to be to

attack Kwangsi; to help Lin Fu,

Shen Hung-yang, Ma Tsai and

Lau Tsun-wan to recall their old

troops and to invade Kwangsi by way of

Kweilin and Liuchow; to get Tang

Chi-yao to send his troops to

Kwangsi by way of Pakakhet, and

to order Yeng Kwan-yu, Lan Chi-

luuk and other local leaders to col-

lect their old soldiers scattered in

southern Kiangsi, and to ask Chan

Kwing-ming and Ngai Bong-ping to

gather bandits and volunteers from

the three big rivers of Kwangtung

and to declare war against the

Nationalist Government. This

would make it impossible for Can-

ton to send help to Kwangsi.

The third step in Wu Pei-fu's

plan is said to be to attack Kwang-

tung directly; to make Chi Hsieh-

yuan generalissimo of the armies

of the provinces of Yunnan and

Kwangsi; Hunan, Kiangsi and

Fukien, and to attack all along the

frontier. Ammunition, rifles and

field guns will be sent from Han-

kow, Chen Kin-min will find

money for the five provincial

armies, and Lau Tsun-wan will go

to Yunnan to persuade Tang Chi-

who to co-operate with Wu Pei-fu.

Caution's Fear.

This programme is evidently

given credence here, for the Can-

ton Government fears simul-

taneous attacks from Fukien,

## ALLEGED PIRACY.

LEADS TO SUPREME COURT  
ACTION.

CLAIM FOR CARGO.

The circumstances of an alleged piracy near Macao of a junk bearing cargo to the value of \$14,000 were the subject of enquiry at the Supreme Court this morning, the Wing Yuen firm, consignees of goods on the junk, claiming damages amounting to over \$4,000 for alleged breach of contract.

The claim was against Lai Kwong, alleged to be the owner of the junk.

The claim of plaintiffs, who were represented by Mr. H. G. Sheldon, was that there had been no piracy or that if there had been there had been complicity, and that in any event the piracy must have been at some point of deviation from the prescribed course.

Evidence would be called, said Mr. Sheldon, to show that the boat was seen two hours after the piracy was alleged to have occurred and reported nothing unusual to the coxswain of a launch which was in patrol in connection with anti-piracy measures.

The owner of the junk had told a graphic tale on his return of the alleged piracy on October 15 early in the morning, and had stated that 50 armed men had overtaken them in launches and overpowered them, it taking two days for the cargo to be taken off and landed.

A report had been made at the Water Police station.

The case for the defence, represented by Mr. H. Somerset Fitzroy, was a complete denial that Lai Kwong was the owner of the junk or had held himself out to be the owner.

Admission was made that a contract was made between plaintiff and the Kwong Hing firm, a firm of book-keepers, but no agreement had been entered into as to the ownership of the junk.

Under section 21, it has been

the practice of the Court to re-

lease from distress in the absence

of a defendant to the claim-

ant to cover the costs of the

claimant's expenses in the ownership of a person other than

the debtor.

This practice was proved in formal judgment delivered by me on May 27, 1923, in this Court, under Distress No. 124, of 1923, from which judgment no appeal was entered.

I propose therefore to follow the practice which was adopted in that case.

In order to obtain the release

of articles which have been seized

by the claimant, the claimant must show that he is the owner within the meaning of that word as used in that section.

It appears that the defendant

company on April 14 last executed an assignment to

the Registrar on April 17, and

was duly registered by him.

This document is described in its cover

as a "Floating Charge."

On perusal it becomes clear that it is in fact a mortgage to the claimant of the chattels in question.

The consideration of the

mortgage is \$24,000. It vests

the legal ownership of those

articles in the claimant, who is

therefore entitled to an order for

the release of those articles.

There is here no question of

collusion between the claimant

and the debtor. I make this order

in the present instance with some

reluctance. It seems to me, the

#### TARIFF CONFERENCE

#### COMPLICATED COMMERCIAL TREATY.

#### STAGES TOWARD A NATIONAL LAW.

Mr. K. D. Stewart, one of the British delegates to the Tariff Conference, is now in Shanghai; having come here from Peking on his way Home. Mr. Stewart is, of course, very well-known in the port, says the "N. C. Daily News," having been associated with business here for many years, as a member of the firm of Messrs. Maitland and Co., and since returning to Manchester, he has been connected with affairs in China through the organisation of which this firm is a unit. Mr. Stewart gave an interview with regard to the Conference to a representative of the "North-China Daily News," and this gives a very good idea of the work that has been done, the difficulties that have had to be faced and the steps taken to safeguard undue pressure on any section of business interests.

**Agreement on Many Points.**  
The whole Conference, Mr. Stewart said, is in the nature of a highly complicated commercial treaty, and when it is noted how long it has taken in the past to get commercial treaties arranged between two countries, one must not despair, in such a case as this, where a treaty is being made between about 12 different countries on one side, and China on the other, if it cannot be done in the course of six months. At the same time it must not be thought that considerable progress has not been made. There are many points on which one may say that everybody is in agreement, even though there remain quite a number of other details which will take a further period to work out.

Naturally the extremely difficult political situation which the Chinese delegates in Peking have had to face, has made their work extraordinarily difficult, but at the same time I think every possible credit should be given to the remaining Chinese delegates, Dr. W. Yen and Admiral Tsai Ting-kan, for the great efforts they have made to continue the negotiations on behalf of China under almost staggering difficulties.

**Principles of the Conference.**  
In order to give a rough sketch of the course of the Conference, the following facts must be kept in view, and may possibly be of some use in understanding the principles on which the Conference has been based. The final object of the Chinese is to attain "tariff autonomy," or, as may be put more clearly, the right to impose their national tariff law simultaneously with the abolition of likin. The stages leading to this are three. First, the imposition of the surtaxes arranged for at Washington; second, larger interim surtaxes; and, thirdly, imposition of the national tariff law. To take the interim surtaxes first of all. The general arrangements that are being made in negotiation with the Chinese are to increase import duties to such an extent as will enable China to meet, or at any rate to go some way to meet, two very important objects which they have in mind. The first of these objects is their real anxiety and very real belief that a great deal had happened since then, adding: "So far as

## BASEBALL STARTS.

GOVERNOR PITCHES OPENING BALL.

## CHAMPIONS' VICTORY.

In bright but hot weather, the local baseball league started on Saturday with a meeting between the South China Athletic Association (Colony's champions) and the Japanese Baseball Club (runners-up).

His Excellency the Governor, Sir Cecil Clementi, took a keen interest in the "inaugural ceremony" and was an interested spectator throughout the game. Arriving on the ground shortly before the time arranged for commencing the match, His Excellency shook hands with each individual member of the teams and pitched the first ball amid applause. Mr. R. C. Tredwell (U.S. Consul and Hon. President of the Association) doing service as catcher. Others present with His Excellency on the diamond were Mr. C. S. Ransom (President), Mr. W. Logan (Vice-President), Mr. H. Wong (Hon. Secretary) and Mr. L. R. Ildefonso (Hon. Treasurer).

The stands accommodated a large number of spectators and many watched the match from the side lines. The game, however, was a distinct disappointment, spectacular hits or brilliance on the field being entirely absent. With seven runs in the second inning—the only scoring resulting from the match—the Chinese ran away the winners.

Mr. Ransom spun the coin, and the Japanese elected to take the field, the teams being:

Chinese	Japanese
S. L. Lee	S. Hachiuma
Shim	Ishimatsu
June	Hayase
Chu Ki	Moritao
S. S. Lee	Y. Hachiuma
Choi	Yokoi
Sting	Tajima
Ah Man	Takatomi
Chanson	Yokose

The referees were Messrs. Maleekie and Kanoh.

Opening the game for the Chinese, S. L. Lee was struck out, Shim gained first base, but was out soon after together with June who was caught. Yokoi was out to a fly to center, Tajima and S. Hachiuma were struck out.

Indifferent pitching by Ishimatsu walked several men and this combined with short overthrows to second base gave the Chinese seven runs. With Chu Ki struck out, S. S. Lee with a fly gained two bases and opened the score followed by others on full bases resulting from "walks." In this and subsequent innings, the catcher threw out many wild and Ah Man (Leung Yuk-tung) and his colleagues took full advantage of these errors. Chanson was the second to go down with three runs to the good and the end of the innings came with Choi being out at first base second and third being occupied.

Both sides failed to give the spectators anything like their money's worth until the Chinese came into the picture in the fourth inning with good play, while smart work on the field was also seen.

With one man down, Chu Ki hit a fly which brought him three bases, but the next man was out. The Japanese lost two men at the plate and their catcher was taken at short stop.

In the fifth inning, Ah Man made a small but fruitless effort as far as second base, with two of his side down. Smart work at first base accounted for two men on the Japanese side and their pitcher was next struck out.

In the next inning, S. L. Lee was out at first base, Shim being out to right field and June to catcher. The Japanese, following, made a promising effort with one man down, Yokoi's hit through pitcher being smartly held by short stop. He and his follower, however, were beaten.

In the last inning, the Chinese failed to get further ahead and their opponents received their seventh blank.

Club v. Philippines.

The second game in the season played yesterday between the Hong Kong Baseball Club and the Philippines provided better sport and a keen game ended in the defeat of the Filipinos by a single run.

Starting the game, the Philippines scored a run in the first inning and their opponents replied with three runs. The Club led by six runs to one at the end of their fifth inning, but a home run by the Filipinos reduced the deficit and they had brought the score to a tie (six all) when the Club had to complete their last inning. They made one run and thus won.

The teams and score by inning were as under:

## INNINGS DEFEAT.

## HONGKONG LOSES INTERPORT CRICKET.

## MALAYA VICTORY.

In two days, Malaya beat Hongkong, in the interport cricket match by an innings and 112 runs, the match concluding on Saturday at Singapore.

Against Malaya's score of 388 runs on Friday, Hongkong started with 7 for no wicket (overnight) on Saturday morning. For the home team, Hill took 9 of the 10 wickets, and Hongkong were all out for 35. Following on—with a hopeless task—the Hongkong tourists made 236 in the second innings, thus a creditable up-hill effort.

There was rain early on Saturday morning, followed by a dry spell during which the rain came out.

Scores, as cabled by the "China Mail" correspondent at Singapore, were:

## "WONDERFUL" OSMUND.

In an exhibition match with Mr. A. J. Osmund (Colony's champion) at the Club Lusitano on Saturday night, Mr. Claude Falkiner, the British billiards professional, found his stride by making consecutive breaks of 372 and 325—believed to be a record for China—when Osmund gave an opening with his total at 396. Shortly before this Osmund was leading by over 100 points. The professional thus reached his 800 and went on to make 1,020 against Osmund's 396.

Other breakers by Falkiner were 90, 62 and 48. Osmund's highest was 115, 81 and 55. Average: Falkiner 64; Osmund 21.

At the close of the game, Mr. Falkiner term'd Mr. Osmund's play as wonderful, and said that he was easily the best of any amateur he had met during the past four years.

Snooker pool and a variety of fancy shots, such as steeplechase, looping the loop, nursery cannon, etc., brought a pleasant and instructive exhibition to a close.

Mr. Falkiner will appear that the Hongkong Club to-night at 8 p.m. at Canton on Wednesday and at Kowloon on Thursday.

To-morrow evening at 5.30 Falkiner will play a match with the Engineers' Institute, his opponent being Mr. W. Brown.

There is sure to be a large attendance of cueists to witness this match.

## LEAGUE TENNIS.

## RESULTS OF SATURDAY'S MATCHES.

## FOUR CLOSE GAMES.

The bright weather enabled the full programme of League tennis matches arranged for Saturday being carried out with the exception of a meeting between the Club de Recreio and the Hongkong C.C. in "C" division, which had to be postponed. The Civil Service C.C. were at home to Craigengower in the "B" division match postponed from April 24.

Features of the matches were one game victories for the M.B.K. and Craigengower "B" teams over the Hongkong C.C. and Civil Service respectively. At home, Craigengower "C" also won easily over Talcott.

## CHURCHES' TRIBUTE.

REFERENCES TO LATE SIR  
PAUL CHATER.

## HIS BENEFACtions.

References were made at the Churches yesterday to the passing of Sir Paul Chater. He was the greatest man the Colony had known, said the Rev. C. R. Lindsay in the course of an address at a special memorial service. As one read the account of his long life, suffering so early, the handicap of being both fatherless and motherless, one was simply amazed at the triumph of his genius, energy and vision.

Sir Paul's benefactions had been prodigious in their lavishness and yet always thoughtful. He considered his gifts but, once convinced of a need there were no limits to his generosity. One thing that impressed him (the preacher) was his anxiety to discover anything, or anybody he might be able to help and more than once he (the preacher) had made inquiries for him at his own request.

Sir Paul had loved the church in which they were gathered and despite his advanced age and the journey from the Peak was always in his place on Sunday no matter what weather, and entered reverently into the service.

Sir Paul was too honest and too humble a man to claim perfection. He continually confessed his failures, spiritual standards had not always been recognised, but God did a work of grace in his heart, particularly in his later years, and he knew the unspeakable serenity of spirit which comes from being forgiven.

## Union Church Tribute.

The C.P.S., R.M.S. "Empress of Canada" left Yokohama on May 22 and is due at Vancouver to-day.

The C.P.S., R.M.S. "Empress of Russia" arrived at Shanghai yesterday at 5 p.m., left Shanghai today, at 11 a.m., and is due at Nagasaki to-morrow at 6 p.m.

The C.P.S., R.M.S. "Empress of Australia" is due at Woosung to-day at 1 p.m. and is expected to arrive here on June 2.

The C.P.S., R.M.S. "Empress of Asia" left Vancouver for Hongkong, via Japanese ports and Shanghai, on May 27 and is due here on June 14.

I have in mind the marked

graciousness which accompanied all his generosity. There was in his case a courtesy, a kindness, an entire absence of the manner of patronage, which made it easy to receive from him as on his part it was an obvious pleasure to give. Also it was clear that his giving was not haphazard and merely impulsive. They had an additional value because they were the result of consideration and care on the part of one who reckoned that his wealth was a stewardship and neither to be meanly hoarded nor heedlessly thrown away.

He always knew what he was doing in these matters, turned them over in his mind and acted with defined and approved objects in view. Our friend was of the older world; having served his generation in his own place and his appointed ways he has passed from us, and it is impossible not to feel that with him has also passed something which was precious and which had grown very dear.

That is how, one feels, though not complaining of the world as it is, nor mourning that the former days were better than these. Different men and different generations have their several and varying responsibilities and opportunities. Let us in our time each meet our own as those whose passing from the older ranks we so much regret met theirs, doing with our might what our hands find to do, doing it with a long look and a large intention and with such grasp as may be available to us of the great purposes of God which outreach and underlie all the efforts and pre-occupations of our passing day.

## TYPHOID PREVALENT AS RESULT OF WATER SHORTAGE.

Manila May 22.—Manila is in the grip of water-borne epidemics such as typhoid, cholera, dysentery, and other infectious diseases, as a result of the present water shortage, according to the Philippine Health Service. Health service officials were alarmed due to the sudden existence of 10 typhoid cases during the last 24 hours ending at 8 o'clock yesterday morning, the largest number of four months.

Immediately upon the receipt of the report of the new typhoid cases, Director Fajardo issued a circular to all the health station officials urging them to warn the possible outbreak of any of the diseases. He also warns that people who have not as yet been inoculated with anti-typhoid or anti-cholera vaccine should present themselves to health authorities.

I made it clear at the time but memories are short, our population changes quickly, and I have reasons for mentioning the matter again. It seems to be thought almost incredible that a man could be so generous to the Church he does not belong to. However, so it is and I am proud to be able to say so. It is true that at our first interview, speaking of Church facilities in the Colony, I did remark casually that sometime in the future I hoped to start a Union Church in Kowloon. But I assure you that no one could possibly have been more surprised than I when a few months later he informed me that if Government would grant a site he would build the Church.

In these places it was moved, amongst other causes, by his concern for the future of the Colony, his view being that in all its progress there was a danger of the highest interests being overlooked.

His words to me were very strong on the subject. "If the Churches," he said "are not properly maintained in the Colony I don't see what is to become of it" and he thought the Churches were not supported liberally as compared with sport and similar interests.

## A Disappointment.

It hurt and disappointed him a little that the Government refused to respond to his public spirited offer by granting a site for this Church in King's Park.

That refusal frustrated his very natural wish to see the enterprise structurally completed before he died, but he will not be forgotten when in due time as we hope the project he initiated is successfully carried out.

## "DISAPPOINTING."

### KUOMINTANG ANTI-RED MANIFESTO.

(From Our Own Correspondent.)

Canton, May 28.

The long awaited "manifesto" of the Kuomintang which, it was given out, would explain and amplify the meanings and motives of the famous Chang Kai-shek anti-Communist resolutions adopted during the Central Executive Committee meetings, which began on May 15, has at last been issued, and, like most Chinese official documents, is a distinct disappointment.

As usual with such pronouncements it actually says little in plain language, and is important only for what the well informed may read between the lines. More than three-fourths of the long document is given over to an historical resume of the party of Dr. Sun Yat-sen's policies, and of ramblings about the "Imperialists" and the "militarists" and "reactionaries."

Briefly put, the gist of the first three-quarters of the manifesto is to the effect that the foreign Powers, in an effort to frighten conservative Chinese, attempted to tack the label of Communism on to the Kuomintang party. "Internal contradictions and strife," says the manifesto, threatened to break down the Nationalist movement" (i.e. the charge that the Kuomintang is dominated by Communists).

Interesting in this statement is, it does not tell one quarter of the truth. The truth is that the heads of the Kuomintang, who are first of all pro-Chinese and anti-Communist, were reluctantly forced to accept the converts of Soviet Russia.

But the situation had reached a pass where either the Communists or the anti-Communists had to take control of the Kuomintang. Half-way measures were both ineffective and dangerous. The Communists and their friends

the Russians were able to assume control of the Kuomintang, of Kwangtung, and of South China.

Chinese as "Catspaws."

The more level heads in the Kuomintang realised that the Chinese and China were after all more important for international Russian diplomacy. The Russians, after all, were foreigners—friendly foreigners in the past, it is true, but still foreigners who, now that they had a chance for power, would utilise it ruthlessly to the ousting of the pure Chinese patriots. So the level heads decided that the befooled Chinese Communists and the Russians must go. The struggle had reached the point where self-preservation was involved.

But the decision to take an anti-Communist stand was not reached without misgivings and heart-searchings. The new policy might mean turbulence in Canton; it might mean the alienation of all the more radical Chinese; it might also mean the complete stoppage of money, munitions and other aid from Russia. And meanwhile Wu Pei-fu was openly announcing a campaign of destruction against the Kuomintang. However, it was do or die—so the Chang Kai-shek revolutionaries utilised the slogan of anti-Communism to bring down to ruin the national revolution.

"Our party will sincerely accept the resolutions on the adjustment of party affairs so as to allay the suspicions and doubts of the people as to the real aims of the principle of co-operation.

"This (i.e. by ousting Communists from bureau department heads, by barring them from army rank above lieutenants, and by limiting them to one-third the membership in all Kuomintang Committees)—the Central Executive Committee have taken out of the hands of the enemies of the party and of the country their most

dangerous heads—by barring them from army rank above lieutenants, and by limiting them to one-third the membership in all Kuomintang Committees—the Central Executive Committee will be able to tack the label of "reactionary" upon the Kuomintang—with possible fatal results to that organisation.

But it is dangerous to play with fire, as the Kuomintang is not

finding to its heavy cost.

When the aid of Soviet Russia was welcomed several years ago, the Chinese

may have aided the creation

of a Frankenstein monster

which may yet devour them.

The labourers and peasants have taken

readily to the radical propaganda

which the Russians and Chinese

Communists have spread with a

lavish hand; and it is now a question

whether the disgruntled

Communists will be able to

tack the Kuomintang—with possible fatal

results to that organisation.

Mrs. P. H. Holycrook, Joyce and Dorothy desire to express their gratitude for the kind messages of sympathy in their bereavement and for the many floral tributes sent.

for, make very agreeable reading, the satisfaction at which will not merely be confined to the shareholders. A reduction of \$242,761 in the Working Account and a decrease of \$420,559 in the Profit and Loss Account by no means spell either financial panic or disaster. Increased expenditure is naturally shown in such items as mortgage and bank interest, maintenance, and repairs, depreciation, and rents, rates, and taxes. And, as it should be superfluous to mention, these figures are related not only to the establishments in this Colony but to those in Shanghai as well where there was likewise an upheaval as the outcome of the disturbances of May 30 last year.

Whilst shareholders naturally regard dividends as the sole essential of a limited liability concern, they certainly cannot but be relieved that the financial position is not considerably worse. As to the future, there seems no reason to despond. In fact, everything points to the opposite, thanks to a Directorate and management imbued with real business qualities. A sum of approximately \$260,000 has been carried over from 1925, a profit of \$350,000 will appear in the current year's accounts from the sale of the Kulee Hotel, and the profit for the first quarter of 1926 is officially reported to have been \$250,000. In face of figures such as these neither shareholders nor the public in general need have the slightest qualms as to the future of the Hongkong and Shanghai Hotels, Limited.

### HOTEL FINANCES.

Unique amongst hotels in this part of the Orient is the position of the Hongkong and Shanghai Hotels, Limited, by reason of the strong hold it has on public interest even among non-shareholders. In Hongkong "the Hotel" has risen to the eminence of a public institution almost. Certainly there are few, if any, of its activities that are passed over by the community as beneath notice.

During the past twelve months "the Hotel" has figured to an unprecedented degree in the public eye. During the critical days of the strike in June and July the management, ably led by Mr. J. H. Taggart, Managing Director, rose admirably to the occasion and performed services not only to its regular clientele but to the entire community that will not readily be forgotten. In his brief reference to this, at Saturday's meeting of shareholders, Mr. Taggart was nothing if not modest. He contented himself with stating:

"In Hongkong, as the employer of a large staff, the Company was naturally seriously affected by the strike which occurred towards the end of the second quarter of last year; nevertheless, I am pleased to state that we were enabled to carry on the essential services of our establishments; and in fact the Hongkong Hotel, due to its central position, was "called upon to supply more meals per day than would have been the case in

normal times—although I must add, en passant, that little or no profit accrued to the Company in this respect, our primary object, as a semi-public utility undertaking, having been to meet the needs of the community at rates as reasonable as possible in the exceptional circumstances then obtaining."

There need be no occasion at this date to expatiate on how well these "needs of the community" were catered for under very trying and difficult circumstances, particularly as, genuine tributes thereto have already been paid by the entire local Press; but, even so, the public appreciation even to-day serves to show that our reputation for recognising good work nobly done remains unimpaired.

Again, the disastrous fire on New Year's Day did not fail to arouse the sympathy of the whole community and to bring "the Hotel" once more into the lime-light to an abnormal degree.

Then, also, relief was voiced through the Press that the conflagration was not more widespread and that the casualties were limited to the unfortunate death of an able-bodied seaman from H.M.S. Hawkins. To-day

we can compliment the Hotels Company on the progressive programme announced at Saturday's meeting by the Managing Director in respect of the future. It has been the fate of few, such

concerns to struggle against the effects of a general strike and a disastrous fire within the same year. The figures of the past twelve months, there-

### DANCE DISPLAY.

REHEARSAL GIVES GOOD PROMISE

#### CLEVER PUPILS

The dancing display by Miss Capel's pupils next Saturday night promises to be well worth seeing.

The programme is varied and very good and the costumes lovely.

The dances by the older girls are graceful and specially so are the solos. "Jazz," by Phyllis Grose, was prettily rendered at Saturday's rehearsal in the City Hall, also "The Spirit of a Rose," by Daphne Bird. "Pierrot and Pierrette," by the Misses Nora McKimm and Patsy Parker, was very graceful and deserved special mention. "Fire and Water" was another very pretty item—the costumes being beautiful—by the Misses Barbara Walker and Phyllis Capel. "Jazz" by the Misses Phyllis Gittens and Nora McKimm was good.

"Une Petits Moreau du Ballet" was danced very gracefully by Miss Phyllis Gittens. All the "Ensembles" were very good and it is difficult to make any particular mention, unless it be, "Autumn," in which the costumes were very lovely, and "Toytown" representing different dolls. "Winter," which was last on the programme, was very pretty and a solo in this was pleasingly given by Miss Capel herself.

The whole Miss Capel is to be congratulated, as she has brought out the best in every child, as some of them are very recent pupils, and the tiny tots promise to do very well with just a little more practice.

The full programme is as follows:

There ought to be crowded houses both at the evening performances on Saturday and the matines on the following Wednesday. Certainly yesterday's rehearsal gives promise of a delightful treat.

Mr. Bert Burrows, well-known locally as an entertainer, left the Colony by the "SS. Malwa" on Saturday and prior to his departure was the recipient of a presentation

at a farewell gathering at the Dockyard Recreation Club.

As the organiser of the Imperial Concert party, Mr. Burrows has done much for local charities, particularly for the M.C.L.

### CANTON SUSPICIONS.

CHANG-KAI-SHEK ON THE ALERT.

(From Our Own Correspondent.)

Canton, May 28.

General Chang Kai-shek has himself taken over the place of chairman of the Organisation Department, succeeding Tan Ping-shan, one of the three department heads who resigned this week as a result of the new Kuomintang policy which bars high government positions to Communists.

The other two new office holders are Kam Nai-kwong, who succeeds Lan Chu-hum as head of the Agriculture Department, and Ko Mang-yu who succeeds Mo Chung-tung as acting head of the Propaganda Department. The nominal head of the Propaganda Department remains Wang Chin-wai, who has been away from his post since he disagreed with General Chang Kai-shek last spring over the seizure of the Chinese cruiser, and the arrest of the commander on a charge of Red activities. A new head of the Young Men's Department has also been chosen in the person of Siu Yin-chung.

The naming of Kam Nai-kwong to the Agriculture Department directorship is a surprise, for though he is not known to be a member of the Communist Party, which would bar him from office, he is considered extremely radical in sympathies. He was formerly a member of the faculty of Canton Christian College.

There is no news from the northern front, where, at last accounts, the Nationalists had been defeated by Wu Pei-fu's troops, but recent astonishing developments in and near Canton have just come to light.

A Banquet Sequel.

Ten days ago General Yue Luk-ku, a brigade commander of Kwangtung soldiers stationed here at Kaochau, and Luihau, was invited to a farewell dinner by General Chang Kai-shek on the eve of his departure with his 3,000 troops on boats for Shilushing. When General Yue Luk-ku arrived at the banquet, he was forcibly detained and later deprived of his rank. At the banquet hour his entire 3,000 men were forcibly disarmed by Chang Kai-shek's troops. No formal charges of disloyalty have been made.

In addition to this episode the city is uneasy, because of rumours that General Chang Kai-shek has thought it necessary to post some men of the First and Fourth Armies in position to watch battalions of the Second and Third Armies. General Tan Yin-kaif's portion of the Second Army is on the North River, but General Cheu Pu-tak's forces are near White Cloud Mountain, on the outskirts of the city. Locally troops of Chang Kai-shek's First and Fourth Armies have been garrisoned at Shekpal and Tez-pu-tai and in the Chan family temple.

Under-orders of the Government, General Chang Kai-shek is sending a company of the wireless force from Whampoa north to the front near Shiu-kwan, in order that the authorities may be kept better informed on military movements.

Serious fighting between the Sixth Army and the 4,000 organised bandits near Watchow is reported. These bandits are under command of Yung Fa-lang, formerly a commander of General Chen King-min's army, and are said to be well armed and equipped.

Bandit Menace.

Bandits are also reported to be gathering strength near Fei Loy Mountain, about 60 miles east of Canton. Several teachers from Canton Christian College started on a vacation trip to the mountain last week, but were warned at Shekpal against proceeding. They pushed on to the village of Fuk-teen, where the magistrate prevailed upon them to turn back, and gave them a guard of four men part of the distance.

The Canton Kuomintang Labour Department has ruled that in future when any man has been asked three times to join a union

**BAN ON RUSSELL.****EXPLANATION BY IRISH FREE STATE.**

(Reuter's Service.)

The reason of the Free State request to Britain to exclude Russell, unless the latter undertook not to visit the Free State, is explained by the Secretary of Justice, as the outcome of the arrest of a man arriving at Queenstown from America last month in possession of documents, which it is alleged were addressed to Republican leaders, and it is stated Russell's name appeared in them.

The man arrested is at present awaiting trial for treason.

Paris, May 30.

Russell expresses ignorance of the exact reason of his not being allowed to land at Plymouth, and regrets that the ban prevented him meeting his wife and son in England.

**BRIBERS SENTENCED.****MUTING IN A KIEFF PRISON.**

(Reuter's Service.)

Moscow, May 20.

The trial of 11 workers belonging to the Kieff Militia, who are charged with bribery and corruption, has resulted in four of the ring-leaders being sentenced to death, and two sentenced to ten years.

The bulk of the remainder were sentenced to a year and seven months' hard labour.

A mutiny has broken out in the Kieff Prison, during which sixteen convicts escaped, after disarming the warders, four of whom were killed and four seriously injured by gunshot wounds.

During the pursuit two convicts were recaptured, but the others escaped.

**AEROPLANE CRASH.****DANISH AIRMAN'S BAD "JOSS."**

(Reuter's Service.)

Shanghai, May 30.

The Danish aviator, Commander Botved, it is reported, crashed in landing last night at Taku, Korea, damaging the propeller. The occupant was not hurt, but will probably be delayed for several days for repairs.

(Reuter's Service.)

New York, May 29.

The celebration in honour of the arrival of the Crown Prince was attended by many distinguished Swedish-residents-in-America and thousands of Americans of Swedish and Norwegian descent.

**NON-STOP FLIGHT.**

(Reuter's Service.)

Marseilles, May 29.

A remarkable non-stop flight has been accomplished by the Dutch aeroplane which started from Rotterdam at 8.30 in the morning carrying Dutch East Indies' mail.

It landed at Marseilles at ten and caught the s.s. "Indrapoera" which sailed at noon.

**TURRET INVENTOR.**

(Reuter's American Service)

Washington, May 29.

President Coolidge to-day unveiled a statue to the Swede, John Ericsson, the inventor of the revolving turret, which helped to turn the tide in the American Civil War, and is now universally used in warships.

**GENEROUS NIZAM.**

**COAL CRISIS.****PRACTICAL HELP FOR THE MINERS.**

(Reuter's Service.)

London, May 30.

Practical help for the miners is coming in from many quarters, the most unexpected of which has been a donation of ten guineas to the distress fund for wives and children of Somerset miners by the Prince of Wales from the Duchy of Cornwall office. The accompanying letter says: "His Highness naturally cannot take any sides in any dispute, but we all owe a debt to the miners in the past, and every one feels sympathy for their wives and children in their hour of distress. Further it would be an undesirable end to any dispute that one side should have to give in on account of the suffering of their dependents."

The Prince of Wales's letter expresses confidence that with good-will on either side there will be a happy issue out of the present difficulties. The Prince is a coal-owner in Somerset.

An extraordinary response to the collection for miners' dependents was made at a demonstration at the Albert Hall, organised by Labour interests. Sovereigns and half sovereigns were sent up to the platform, and some were sold for triple and quadruple their value. Several rings and watches were given, one ring being valued at £20. The collection greatly exceeded £1,000, apart from jewels.

Moscow, May 30.

An official Tass agency message announced that the General Council of Soviet Trade Unions has transferred a further 400,000 rubles to the British Miners' Federation, on account of further collections from workers.

London, May 30.

The "Sunday Times" political correspondent states that, in the event of a mining deadlock continuing, the Government will arrange for the import and will distribute coal for industries now threatened with paralysis. No difficulty is expected from the Railways' Unions.

**FINAL STAGES.****REBEL TRIBESMEN FORMALLY SURRENDER.**

(Havas Agency.)

Fez, May 30.

M. Steeg attended the solemn submission of the important tribe of Beni Zeroual, at the same place where in 1925, the Rifian offensive was launched.

Theatrical.

(Reuter's Service.)

Fez, May 30.

The final stages of the Rif war are being accompanied by theatrical submissions, as an example of which M. Steeg yesterday surrounded 10,000 mounted native auxiliaries and all chiefs participating in the war. He received the formal surrender of the great Beni Zeroual Tribe at the exact place where the tribes opened hostilities last year.

Madrid, May 30.

A dispatch mentions continued operations, mostly in the nature of clearing up. Spanish sentries intercepted and killed a rebel attempting to cross the lines at Melilla. The rebel is believed to be the Rif War Minister.

Another notable, namely Mulay Ali, nephew of the deceased Kasli, has surrendered to the Spaniards.

**RUBBER.****MOVEMENT TO FORCE A REDUCTION.**

(Reuter's Service.)

London, May 30.

Alluding to the persistence with which rubber has fluctuated in the neighbourhood of 1s. 9d. per lb., the "Observer's" financial correspondent is of opinion that the concerted movement is apparently to bring the average price in the current three-months below 1s. 9d. thereby automatically enforcing a reduction.

**THREE DAYS FIRE.****TWELVE MILLION RUBLE DAMAGE.**

(Reuter's Service.)

Moscow, May 29.

Damage estimated at twelve million roubles was done by a three days fire at the town of Katalnitch in Viatka. Seven are dead, and many, mostly children, missing.

All the Government buildings, banks, telephone and electric stations, libraries, schools and churches were burned.

**MAY 30.****LAST YEAR'S DISTURBANCES "CELEBRATED."**

(Reuter's Service.)

Shanghai, May 30.

The expected trouble in connection with the anniversary of last year has started, but there is still hope of the police being able to control the situation without resort to more serious measures.

Shanghai, May 30.

The part of Nanking Road that was the scene of last year's firing was crowded, at one o'clock, mostly with curious Chinese who were expecting something to happen.

These provided good material for the agitators, who soon worked them up to a serious pitch.

Revolution Spreads.

Paris, May 30.

It is reported from Lisbon that the revolutionary movement, in which Lisbon and Oporto troops have joined, is now spreading throughout the whole country.

Government Resigns.

Lisbon, May 30.

The Portuguese Government has resigned.

**N.Y.K.**

Speaking at the half-yearly meeting of shareholders to-day the President of the N.Y.K., after referring to the amalgamation with the T.K.K., said that the net profit for the half year ended on March 31 was 2,680,000 yen—a considerable increase.

## LOCAL AND GENERAL.

Buicks last longer  
registrations prove it

In the United States, today, there are more Buicks registered than any other cars except the very low priced ones. Buick leadership in registrations among all other motor cars means extra miles run in by old Buick, loyal service from cars that would not be running at all if they were not Buicks, but as only Buick builds. Buick engineering has given long life to Buick cars by thinking always of superior strength and placing it in every Buick part. And then, by protecting that strength with the famous "Sealed Chas is" and the "Triple Seal Engine". All Buick operating parts are barreled from dirt and worn to insure longer life with less upkeep.

And every Buick has the long-lived Buick Valve-in-Head, Engine, famous everywhere for power and performance; proved superior, in stamina by more than twenty-one years of outstanding service.

When you eventually register your own Buick, you will find that it has surpassing staying power. This attribute belongs to Buick.

The death of the well-known thoroughbred Apology, and the serious illness of three other racehorses, resulting from poison given to them in sugar, has revealed an attempt at a gambling coup, involving large sums.

Two alleged gamblers have been arrested, and it is reported, have confessed that they gave the animals sugar, and they have implicated three other men.

Owing to the mishap the four horses in the principal race at Exposition Park yesterday were cancelled. An angry crowd of bookmakers and racetrack owners surrounded the Police Station expressing indignation at the action of the swindlers.

Investigations, it is alleged, show that of four horses put out to race only three remained, of which the gamblers selected one to be the winner. They informed their accomplices of the name of the horse which the police found in their possession.

AMERICAN WINS AMATEUR CHAMPIONSHIP

THE FINAL

For the first time since the War, an American has won the British amateur golf championship.

(Reuter's Service.)

London, May 29.

In the final round at Muirfield, Jesse Sweetser (America) beat A. Simpson (Lothian Burn) by 6 up and 5 to play.

For the second eighteen holes, 6,000 spectators were present in ideal weather. Sweetser won the first and halved the next two. Simpson held a ten yard putt at the fourth, winning this and the fifth, where the American missed a yard putt. The sixth was halved and Simpson picked up his ball at the seventh, making Sweetser four up. The eighth was halved, Simpson taking six to get to the green and he picked up his ball again at the ninth.

Then the tenth and eleventh were halved, but Simpson was bunkered at the twelfth, which went to Sweetser. At the thirteenth, Sweetser held a five yard putt after Simpson had hole one of three yards, thus halving the hole for a second American victory in the history of the championship. The only other American to win was Walter Travis in 1904.

An earlier cable, giving Saturday morning's play, read:

In the final of the British amateur golf championship at Muirfield, Sweetser (America) was four up at the end of the first 18 holes.

Sweetser won the first in four. Simpson squared at the third and became one up at the sixth, at which he had a wonderful approach, but Sweetser squared at the seventh and won the eighth in four. He halved the ninth. Simpson squared at the tenth. Sweetser won the 12th and 13th, becoming two up. He halved the fourteenth. Simpson missed a two yarder in the next for three down. The 16th and 17th were halved. Sweetser at the eighteenth, finishing four up.]

A NEW INDUSTRY.  
PAPER-MAKING FACTORY  
IN JOHORE.

The manufacture of paper from rice-straw is the latest venture of Mr. Tan Kah-kee, the Singapore manufacturer and industrialist, who has decided to spend about \$2,000,000 on the erection and financing of a factory in South Johore.

The site of the factory will be near Senai, 14 miles up the railway line from Johore Bahru. Here Mr. Tan Kah-kee has purchased 129 acres of land, and he intends to construct a siding and a road connecting the factory with the main line and the main road, respectively.

## 1,000 TONS OF MACHINERY.

Orders for a thousand tons of machinery were placed last April with the well-known firm of Escher Wyss & Co., of Zurich, Switzerland, and it is expected that the factory will commence operations in January of next year. The cost of the machinery will be about \$800,000.

The machinery will be erected under the supervision of a Swiss expert, and later on the factory will be placed under the charge of a Chinese university student who has taken a science degree at an American University, and who is now studying with the firm of Escher Wyss & Co.

This student is being financed by Mr. Tan Kah-kee, and after he has gained a thorough knowledge of the machinery to be sent out here he will spend some time in a paper-making factory in Europe.

## Estimated Output.

The Johore factory will use about forty tons of paddy stalks a day, and will produce fifteen tons of finished products—paper of various grades and cardboard—every day. The raw material will be collected in the rice-growing districts of Malaya by the branch houses of Tan Kah and Co., and despatched to the factory.

The Malay ryots of Malacca, Krian, Province Wellesley, Trengganu and Kedah will thus benefit very materially by the establishment of the factory, as they will be able to dispose of a product which has hitherto been of little value.

## Water From River.

So extensive are Mr. Tan Kah-kee's interests in Singapore that he will be able to use most of the products of the new factory in his other factories. About five tons of cardboard will be produced daily in Johore, and very nearly that quantity is absorbed by his shoe-making factory already.

Paper of all grades will be produced, and the "Chinese Daily Journal of Commerce," a Chinese daily newspaper, with 5,000 subscribers which is printed and published by Mr. Tan Kah-kee, will get its supply of newsprint from

the Johore factory. The plant has been designed so as to allow of further extensions, and if the demand for locally-made paper justifies it the production will be increased.

The plant will be of the most up-to-date character, and will comprise elaborate electrical and chemical equipment, boiler-house, power plant, and pumping station. The water will be obtained from the Senai River.

## THE JAVA FACTORY.

This factory represents, of course, the introduction of an entirely new industry into Malaya, and one which is of peculiar value to a rice-growing country. It is noteworthy that paper produced from rice-straw ranks next in quality to that made from rags, which is the highest grade. Rice paper is said to be superior to paper made from wood pulp.

The possibilities of manufacturing paper from wood pulp were considered by Mr. Tan Kah-kee and his advisers, but it seems that the timber of Malayan forests is not suitable for the purpose.

The only other paper-making factory in the Malay Archipelago—and possibly in India, Burma, or Siam—is one situated at Padang, near Bandung in Java.

This factory, which was inspect-

ed by Mr. Tan Kah-kee last year,

has been running successfully for several years, but it is understood that it is subsidised by the Dutch Government, and that its products are largely used by the Government services.

An article in the "Straits Times" recently drew attention to the amazing versatility of Mr. Tan Kah-kee, who is not only the leading import of Dutch native rubber into Singapore, and the owner of extensive rubber and pineapple estates, but who manufactures bricks, shoes and rubber goods, and a variety of other articles. He also owns a string of retail shops throughout Malaya in which his goods are sold, and is developing local markets for rubber shoes and straw hats. As a side-line he has financed entirely the new institution of higher education known as Amoy University.

Orders have recently been placed by Mr. Tan Kah-kee which mean further important extensions of his interests here. He will shortly open a celluloid factory at Geylang, and important extensions to his biscuit factory are promised.—"Straits Times."

A hat is a futile thing.—Dr. E. Graham Little, M.B.

Probably the phrases, "I beg your pardon" and "Thank you" do as much in the course of a year

to add to the general cheerfulness of humanity as any other phrases of the same length.—Mr. Robert Lynd.

Let an heiress be ever so ugly,

unhealthy, hysterical, or mentally abnormal, somebody or other will be ready and eager to marry her.

## FOXGLOVE STOKER'S DEATH.

IMPRESSIVE FUNERAL  
CEREMONY.

While steering a boat engaged in rowing practice on the Peihai in the vicinity of the International Bridge on May 12, at Tientsin, Francis Allen Finch, a stoker on H.M.S. "Foxglove," fell overboard. One of the party dived in after him, but all rescue attempts failed and he was not afterwards seen until his body was recovered on May 17.

At a naval enquiry the verdict of the medical officer was "Presumed drowned." Deceased, who was 26 years of age, hailed from Arundel, England.

The burial took place at Race Course Road Cemetery on May 17 afternoon. Officers and men of H.M.S. "Foxglove" were present and buglers of the East Yorks attended. The Rev. F. Beckerson, Chaplain to the Forces, officiated. Three volleys fired over the grave and the sounding of the Last Post concluded in impressive ceremony which was watched by a number of civilians. The wreaths were numerous and beautiful.
